SUBJECT:

NFAC Representation to the Federal  
Women's Program Board

Your request to be reconsidered for membership on the Federal Women's Program Board (FWPB) has been reviewed by the current NFAC representatives and some FWPB members. In the past when members have been replaced, it was because they did not wish--for one reason or another--to participate. Since you do wish to continue and were selected to replace me, the consensus has been that it would be appropriate for you to return as member to the FWPB in May 1980 (My term expires in April 1980.) and serve the remaining 15 months of your term (computed from the time you were appointed in January 1979 until the time you were replaced in October 1979). (See attached.)
